## BASKETBALL GAME IS WON BY TONOPAH TEAM

WINGED V AGGREGATION OF  
GOLDFIELD MEETS DEFEAT  
LAST NIGHT.

By a score of 26 to 17 the Tonopah Basketball club defeated the Winged V aggregation of Goldfield last night at the Miners' Exchange hall. The game developed spots of excellent playing on the part of the local lads, but between times they played with a listlessness that would have done credit to a young ladies' seminary outfit. During the spasms of good playing, the spectators were treated to some fancy playing and were kept on edge shouting for their favorites. The crowd that fairly filled the hall was an enthusiastic one and the rooting was such that a constant din was created.

This was the second game between the two teams, and as each side has a victory, it is probable that a deciding contest will come off in the near future. The following is the line-up of the teams:

Tonopah—Stotesbury, center; Davidson, Boggs, forwards; Kelly, McNeill, guards; Bowler and Gorton, substitutes.

Winged V—Russe, center; McCullen, Healy, forwards; Kamer, Decker, guards; Sommers, substitute.

Jack Leach officiated as referee.

## WILL BACK UP EVERY ARTICLE THAT IS SOLD

THE GUARANTEE OF RYAN AND  
STENSON IS OF  
VALUE.

"We are not going away, but will stay and back up the wear of our shoes," is the statement made by Ryan and Stenson who are offering some alarming bargains in suits, overcoats and footwear. In shoes the prices have been made exceptionally low and with the reputation of the firm, which has done business in Tonopah since this place was a camp, and which intends to continue business for years to come, there can be no doubt of the quality. It is not a proposition to sell cheap goods at low prices but it is a sale of standard articles at reduced prices.

In the clothing department a quantity of "between season" suits will be sold. These suits are the Adler make, a firm that is known from coast to coast, and the goods are of the best quality. This chance to secure real bargains should not be overlooked.

### CHRISTIAN ENDEAVORS GO TO GOLDFIELD

A party of local members of the Christian Endeavors will go to Goldfield today to hear a lecture delivered by the secretary of the United Society of Christian Endeavors. Following the lecture the members will confer with the Goldfield representatives, with the view of perfecting a state organization. There are about six organizations in the state.

## COMMISSIONERS MAY THROW 8 1-3 CENT BID OUT

NO BOND FILED AND BOARD  
WILL TAKE FINAL ACTION  
TODAY.

The salaries for the justices of the peace and constables in the different townships of this county, which are not governed by the fee system, were fixed by the county commissioners yesterday.

The justices at Round Mountain, Manhattan and Rhyolite, who turn the fees over to the county, are to receive \$100 a month. The constables at Manhattan and Rhyolite will receive \$125 a month while the Round Mountain officer receives \$100 for the same period.

The bond of \$500 required by the county commissioners from the person who bid \$1 a year to secure the county printing, was not forthcoming yesterday and it is probable that the bid will be thrown out. There is no protection offered to a person going on the bond, and as the bidder appears to be totally irresponsible, this is the only action that can be taken.

Should a bond be filed the Bonanza will publish the names of the sureties who would guarantee \$500 for seven or eight hundred dollars' work which is to be done for \$1.

### COLD WEATHER CAUSES DEATH OF MANY SHEEP

An Ogden dispatch says: Local sheepmen predict that when spring opens and they have an opportunity to check up their losses, it will be found that fully 4,000,000 sheep in the states of Utah, Nevada, Wyoming, Idaho and Montana have been killed by the long siege of cold weather during the past three months. Added to the cold weather is the recent hurricane which was felt in the five states mentioned. This the sheepmen assert will be responsible for heavy losses in their flocks.

Many of the sheep have not been fed during the past two months, and have been relying on the meager grazing facilities offered on the winter ranges. These animals, being in a weakened condition have unquestionably been an easy prey to the heavy wind storms which swept over the deserts and from which the flocks were afforded no protection.

The Social club will hold their weekly dance at the Miners' Exchange hall tonight.

### SILK STOCKING MAD.

A somewhat unusual advertisement which recently appeared in several New York papers led to the disclosure of facts which show how reckless some girls are in spending their parents' money on finery. In the advertisement a wealthy woman, living in Newark, warned all merchants that she would not be responsible for any debts contracted by her daughter. It appears that the daughter referred to in the advertisement, a handsome and gay society girl of Newark, had a perfectly abnormal penchant for silk hosiery of the most fascinating and expensive kind. Not only was she in the habit of indulging in her hobby to the full extent of her pin-money allowance, but when the latter was exhausted she did not hesitate to purchase more stockings and have them charged to her mother. Remonstrances and energetic protests were futile and as a last resort the mother had the advertisement mentioned inserted in the papers. It is reported that the silk-stock-mad young lady has a terrible "grouch" and has cancelled all her social engagements—at least for a while. It is expected that she will soon change her mind and re-appear with new silk hose, more fascinating than she has ever had before.

### DENTAL BOARD.
